

Energy Management: Benefits, Challenges and Energy-savings Opportunities in Small and Medium-sized Hotels

14 March 2018

Some Housekeeping Items

Two Options for Audio (select audio mode):

1. *Listen through your computer.*

- Please select the “mic and speakers” radio button on the right hand audio pane display

2. *Listen by telephone.*

- Please select the "telephone" option in the right-hand display, and a phone number and PIN will display.

3. *Panelists - Please mute your audio device when not presenting*

4. *Technical Difficulties:*

- *Contact the GoToWebinars Help Desk: 888.259.3826*

Some Housekeeping Items (continued)

- **To ask a question**
 - Select the 'Questions' pane on your screen and type in your question
- **Having trouble viewing the webinar?**
 - PDFs of the presentations can be accessed at <https://cleanenergysolutions.org/training>
- **Share with others or watch it again**
 - A video/audio recording of this Webinar and the slide decks will be made available at: <https://cleanenergysolutions.org/training>
- **Recordings are also available on our YouTube channel**
 - <http://www.youtube.com/user/cleanenergypolicy>

Disclaimer

- *The Clean Energy Solutions Center does not endorse or recommend specific products or services. Information provided in this webinar is featured in the Solutions Center's resource library as one of many best practice resources reviewed and selected by technical experts*

Agenda

1

Introductory Remarks

2

Overview of the Clean Energy Solutions Center

- **Katie Contos**, Clean Energy Solutions Center

Welcoming Remarks

- **Richard Campbell**, Organization of American States

3

Presentations

- **Loreto Duffy-Mayers**, CHENACT
- **Adriana Villoslada**, Creara

4

Question and Answer Session

Clean Energy Ministerial

The Solutions Center:

- Launched under the Clean Energy Ministerial (CEM) in 2011

Clean Energy Ministerial:

- A high-level global forum to promote policies and programs that advance clean energy technology, to share lessons learned and best practices, and to encourage the transition to a global clean energy economy.

90%
of
Clean energy
investment

&

75%
of
Global CO₂
emissions

Solutions Center: Background & Vision

- Multilateral initiative, of the Clean Energy Ministerial, is co-led by the Australian Department of the Environment and Energy, Sweden's Ministry of the Environment and Energy, and the U.S. Department of Energy.
- Additional funding support from Power Africa
- In-kind support from Chile
- The Solutions Center is a unique CEM initiative assisting countries in all regions of the world in strengthening clean energy policies and finance measures
- Supporting transition of clean energy markets and technologies

*US participation & leadership are under review.

Solutions Center: Goals and Audience

Programs and Services

- **Team of 50+ experts from around the globe responded to 350+ requests for policy support from more than 80 countries**
 - Extensive support across Africa, Asia, and LAC
 - Launched support for finance measures in 2015
- **Trained over 15,000 officials through more than 225 webinars and training events with others**
- **Strong & growing partnerships with development agencies and regional and global organizations in delivery of support**
- **Over 5500 resources in curated library for policy makers**

Target Audiences

- **Primary**
 - Government Policy Makers and Advisors
- **Secondary**
 - Private-Sector Companies
 - Energy Entrepreneurs and Investors
 - Non-Governmental Organizations
 - Civil Society
 - Others Engaged in Clean Energy

Solutions Center: Partnerships

More than 35 international partners:

- Climate Technology Center and Network (CTCN)
- ECOWAS Center for Renewable Energy and Energy Efficiency (ECREEE)
- Inter-American Development Bank (IDB)
- International Energy Agency (IEA)
- International Partnership for Energy Efficiency Cooperation (IPEEC)
- International Renewable Energy Agency (IRENA)
- Low Emission Development Strategies Global Partnership (LEDS-GP)
- Renewable Energy Policy Network for the 21st Century (REN21)
- Sustainable Energy for All (SEforALL)
- United Nations Environment Programme (UN Environment)
- USAID Power Africa (USAID PA)

Ask an Expert: Our Experts in Action

We connect you to a global network of energy experts for personalized attention and quick response technical assistance on **strategies, regulations, standards, financial incentives, and energy transition programs** for a broad range of clean energy sectors and technologies including:

- Carbon Capture Utilization & Storage
- Energy Access
- Energy Efficiency
- Renewable Energy
- Smart Grid
- Transportation
- Utilities

Responded to over 400 requests for assistance from over 90 countries.

Loreto Duffy-Mayers, Caribbean Hotel Energy Efficiency and Renewable Energy Action

Loreto Duffy-Mayers was educated at University College Dublin and the UK Institute of Marketing. She held the position of Environmental Manager in several Green Hotels, including Coconut Court Resort, Casuarina Beach Club (Barbados) and the Almond Resorts (3 hotels in Barbados and 2 in St. Lucia).

Loreto is currently the Regional Programme Manager for the Caribbean Hotel Energy Efficiency and Renewable Energy Action (CHENACT) Programme. This Programme, funded in the main by IDB, is designed to improve the competitiveness of small to medium sized hotels (<400 rooms) in the Caribbean through greater Energy Efficiency and the use of Renewable Energy and Micro - Generation.

She is a member of the Accreditation Panel of the Global Sustainable Tourism Council (GSTC) and a member of the SIDS DOCK Island Women Open Network (IWON) Technical Sub- committee. The main objective of the network is to help implement the projects in the SIDS DOCK Project Pipeline, particularly projects that help improve the lives and livelihoods of women, children and the most vulnerable in society.

Adriana Villoslada, Creara

Adriana Villoslada is an International Business Development Specialist at Creara. Adriana has more than 10 years of experience with multilateral projects always centered in the areas of sustainability, economic development and competitiveness.

She started her career as Investment Analyst at the Spanish Embassy (Trade Commission) in São Paulo (Brazil). One year later she joined a leading consultancy and engineering firm to work as a consultant at the Economic Development and Sustainability Department. During that time she gained extensive experience in managing technical assistance funds from different donors (European Commission, World Bank and the Inter-American Development Bank among others).

From 2010 to 2013 she works as a consultant for Creara, acting as Business Developer Manager in Washington D.C office. She has been involved in Energy Efficiency assignments performed by Creara in Latin America and other countries worldwide. Adriana has a long track record on managing projects, doing the financial and technical follow-up and supervising the quality of the services delivered by the team.

Adriana Villoslada is Double Major, Bs in Law and Bs in Business Administration by Carlos III University from Madrid, Spain. In addition, Adriana holds a Postgraduate Certificate in Sustainability from Massachusetts University, and an Ms in International Business Management by CECO (Center of Economic and Social Studies) from Madrid, Spain.
